### **LINC (Language Instruction for Newcomers to Canada)**

A federally funded language training program, free of charge for immigrants and refugees over 16 years of age who are non-Canadian citizens. In order to qualify, students must be assessed at the English levels ranging from Pre-LINC to LINC 3. Priority is given to those who have been in Canada less than three years. Students are eligible for 30 weeks or a maximum of 750 hours of full-time language training and an unlimited amount of part-time language training hours or until the completion of LINC level three. This program consists of language training, life skills and orientation to the community and Canadian culture.

\* Students are assessed for general and linguistic eligibility and referred to LINC programs by the Language Assessment, Referral and Counselling Centre (LARCC), a service of Catholic Social Services.

### **General ESL**

ESL classes which focus on all four aspects of language (reading, writing, listening and speaking) for basic to advanced level ESL students. These classes are primarily non-academic (with the exception of more advanced levels) and are fee based.

### **Academic Bridging/Upgrading**

Programs which assist/bridge ESL students toward post-secondary educational programs. They usually focus on developing specific skills and knowledge in one or more areas such as math, biology, English, literature, etc. Courses may be offered through classroom instruction, self-paced programming and computer assisted learning. Some programs offer customized, one-to-one tutorial sessions. Times, frequency of attendance, and fees vary among programs.

### **English in the Workplace (EWP)**

EWP is an ESL program offered on the worksite. It usually focuses on specific English language skills and vocabulary related to the workplace. It is designed to help employees to improve their English and also their ability to function in an English speaking environment. The instruction is usually based on a contract between an ESL service provider and the employer.

### **Pre-Training / Employment Programs and ESL Programs for Trades and Professions**

These programs are designed to assist immigrants and refugees to improve their job search, job maintenance and other skills necessary in order to participate in the Canadian Labour Market. The following components are usually included:
